CYCLE BANK POLICY

Objectives:

- To provide cycles to needy students who come to college from remote areas.
- To provide cycles to economically backward classes.
- To save energy and time of the students so that they may use it for their studies.
- To save their money.
- To promote pollution free environment

The context:

Our college is located in city area. But the students come to college from rural villages, slum area and low economical group which make them difficult to reach the college in time. Therefore college decided to provide cycles to needy students. College formed "Cycle Bank" of its own. Many stakeholders were convinced to donate cycles for cycle bank. And college provides cycles to needy students from the college cycle bank.

Practice:

First of all Cycle Bank Committee identify needy students. Then college gets undertaking by them. After that they are given cycles and asked to use properly. The students are asked to return the cycles in proper condition at the end of the academic year.

Evidences of success:

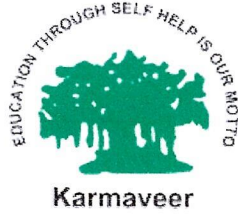

The students, who used to remain absent, started coming to college regularly after obtaining cycles. It saved their time, money and energy.

Problems:

- The number of cycles is less as per students' ratio. It is not possible to provide cycles to all needy students.
- Limitation of budget.
- Maintenance of the cycles

Activity Report (2022-23)

1	Name of the committee	Cycle Bank
2	Title of the activity	Cycle Bank
3	Year	2022-23
4	Purpose /Objective of the activity- 1) To Provide cycles to needy students who come to college from 10-12 km and could not afford transport charges. 2) To support students for their education. 3) To overcome the problem of dropout of the students. 4) To enable the students to attend the classes regularly.	Outcome of the activity- The students, who used to remain absent, started coming to college regularly after obtaining cycles. In this year, 92 students have taken the benefit of this practice.
5	Brief details of the activity The Cycle Bank facility is one of the student support practices run by the college to overcome an issue of less attendance of the poor students. Most of the students enrolled in the college are from economically weaker sections of the society especially the wards of the labourers and the farmers. It has been found that many students from such backgrounds could not attend the college as they do not have enough money to travel to the college. The committee is formed to overcome this issue. It was decided in the meeting to find prospective donors who could support these students to overcome their problem. The committee approached donors through newspaper appeal and received 93 bicycles as a donation to the college.	
6	No. of Students benefitted	92

Activity Report (2021-22)

1	Name of the committee	Cycle Bank
2	Title of the activity	Cycle Bank
3	Year	2021-22
4	Purpose /Objective of the activity- 1) To Provide cycles to needy students who come to college from 10-12 km and could not afford transport charges. 2) To support students for their education. 3) To overcome the problem of dropout of the students. 4) To enable the students to attend the classes regularly.	Outcome of the activity- The students, who used to remain absent, started coming to college regularly after obtaining cycles. In this year, 89 students have taken the benefit of this practice.
5	Brief details of the activity : The Cycle Bank facility is one of the student support practices run by the college to overcome an issue of less attendance of the poor students. Most of the students enrolled in the college are from economically weaker sections of the society especially the wards of the labourers and the farmers. It has been found that many students from such backgrounds could not attend the college as they do not have enough money to travel to the college. The committee is formed to overcome this issue. It was decided in the meeting to find prospective donors who could support these students to overcome their problem. The committee approached donors through newspaper appeal and received 90 bicycles as a donation to the college.	
6	No. of Students benefitted	89

Activity Name- Cycle Bank

Activity Report (2019-20)

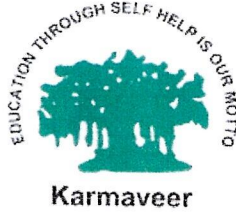

1	Name of the committee	Cycle Bank
2	Title of the activity	Cycle Bank
3	Year	2019-20
4	Purpose /Objective of the activity- 1) To Provide cycles to needy students who come to college from 10-12 km and could not afford transport charges. 2) To support students for their education. 3) To overcome the problem of dropout of the students. 4) To enable the students to attend the classes regularly.	Outcome of the activity- The students, who used to remain absent, started coming to college regularly after obtaining cycles. In this year, 90 students have taken the benefit of this practice.
5	Brief details of the activity : The Cycle Bank facility is one of the student support practices run by the college to overcome an issue of less attendance of the poor students. Most of the students enrolled in the college are from economically weaker sections of the society especially the wards of the labourers and the farmers. It has been found that many students from such backgrounds could not attend the college as they do not have enough money to travel to the college. The committee is formed to overcome this issue. It was decided in the meeting to find prospective donors who could support these students to overcome their problem. The committee approached donors through newspaper appeal and received 90 bicycles as a donation to the college.	
6	No. of Students benefitted	90

Activity Report (2018-19)

1.	Name of the Committee	Cycle Bank
2.	Title of the activity	Cycle Bank
3.	Year	2018 - 2019
4.	Purpose /Objective of the activity- 1) To Provide cycles to needy students who come to college from 10-12 km and could not afford transport charges. 2) To support students for their education. 3) To overcome the problem of dropout of the students. 4) To enable the students to attend the classes regularly. 5)To Promote pollution free environment.	Outcome of the activity- The students, who used to remain absent, started coming to college regularly after obtaining cycles. In this year, 89 students have taken the benefit of this practice.
5.	Brief details of the activity :The Cycle Bank facility is one of the student support practices run by the college to overcome an issue of less attendance of the poor students. Most of the students enrolled in the college are from economically weaker sections of the society especially the wards of the labourers and the farmers. It has been found that many students from such backgrounds could not attend the college as they do not have enough money to travel to the college. The committee is formed to overcome this issue. It was decided in the meeting to find prospective donors who could support these students to overcome their problem. The committee approached donors through newspaper appeal and received 90 bicycles as a donation to the college.	
6.	No. of Students benefitted	89
